

Reimagining Work Experience

2018 Student Information Pack

The world of work is changing at a rapid pace, job roles are evolving and new companies and industries are emerging. It is time to prepare our young people to thrive as the future leaders of this new era. Generation Innovation's 'Reimagining Work Experience' will take place in June 2018 in Belfast.

“We know the importance of helping our young people to develop skills that will allow them to become leaders in the future world of work. We need great collaborators, great communicators and great innovators”

Diane Morrow – Generation Innovation Programme Manager

What is Reimagining Work Experience?

Reimagining Work Experience is a unique three day work experience programme designed by Generation Innovation in collaboration with Deloitte, following extensive research with students, teachers and businesses.

Sixty Year 13 students will work as part of a team, alongside twelve of Northern Ireland's most exciting innovation-focused companies. Each team will experience design thinking, to help them solve real business challenges for innovation-focused companies. They will then showcase their solutions to the leaders of their assigned company.
